FOSSEBROOK PRIMARY

 **NatraTex**[®]
Colour

Fossebrook Primary School in Leicester, developed by Leicestershire County Council and sponsored by the Discovery Schools Academy Trust, opened its doors to students in September following its completion in mid-July. Designed by Kast Architects and MeiLoci landscape architects, the school incorporates NatraTex Cotswold and Grey and Buff surfacing to create an informal yet functional demarcation for the playground. This thoughtful design blends practicality with visual appeal, providing a safe and engaging outdoor space for early-year students.

MeiLoci are very pleased with the NatraTex surfacing – a great appearance and finish. NatraTex really sets off the new timber school building and the warm tones create a welcoming setting for play. I would thoroughly recommend this product and look forward to working with BituChem again soon.

MeiLoci – Partner, Landscape Architects
